INVITATION

Dear Colleagues and Friends,

It is with great pleasure we invite you to attend the 14th Annual Meeting of the Korean Society of Medical Oncology & 2021 International Conference (KSMO 2021), which will be held from September 2 to 3, 2021, at Dragon City Hotel in Seoul, Korea.

KSMO 2021 will be held as a Hybrid Conference (Virtual & Onsite) for safety and efficiency, and feature VOD lectures and real-time Q&A by international speakers with onsite lectures from Korean speakers.

Like most organizations last year, KSMO had to evolve to accommodate the unprecedented situation. This evolution led to our first ever virtual conference, KSMO 2020, which was a huge success – attracting 1,703 registrants from 48 countries. This demonstrated that now, more than ever, our society needs to be connected and offers opportunities to learn and share the latest in medical oncology.

KSMO 2021 will be the perfect occasion for us to catch up on the rapidly changing developments and innovations in the advanced medical oncology field. We look forward to welcoming each and every one of you to KSMO 2021 from all corners of the world.

Be sure to mark the dates in your calendar!

AWARDS

Our awards support clinical and translational cancer research by the best and brightest from young investigators to senior researchers.

We encourage cancer experts to join and share their research virtually at KSMO 2021. More detail information can be found at www.ksmo.or.kr/ksmo2021

Young Investigator Awards

The awards are designed to encourage young investigators to promote quality research in Medical Oncology.

- + Presenters of accepted abstracts are eligible.
- + Presenters should be under the age of 40 (Year of birth 1981 or after).
- + The presenter must complete registration.
- + The final decision will be made by the Organizing Committee.

Oral / Poster Awards

Abstracts of superior quality will be selected by the KSMO Scientific Program Committee for the Awards. We encourage all potential authors to submit your outstanding research and win the various awards.

- + Awards will be given to participants who present an abstract accepted for either oral or poster presentation.
- + Awardees must complete registration prior to the conference.
